### SOFT SKILLS

- Organized and Detail-oriented
- Self-motivated and Supportive
- Adaptable and Deadline-driven
- Strong and honest communicator
- Problem-solver and Critical-thinker

### PROFILE

Passionate, deadline-driven, and goal-oriented developer with a strong ability to create optimal solutions within specified timeframes. Highly responsible and motivated, I am a fast learner who thrives on tackling new challenges. With a degree in Computer Communication and Networks Engineering, I specialize in developing both frontend and backend technology frameworks, rigorously testing and debugging programs, and consistently producing clean and scalable code.

### BOOTCAMPS AND TRAININGS

- CodeHigher Full Stack Development Bootcamp** (June 2023 - October 2023)
  - Completed a rigorous 400-hour Full Stack Development Bootcamp in partnership with Park Innovation, featuring on-site training.
  - Mastered full stack web development, covering HTML, CSS, JavaScript, React.js, jQuery and Node.js, Express.js, MySQL, and MongoDB.
  - Gained proficiency in version control with Git and GitHub.
